

## **Corporate Development Intern**

### **Summary**

The Corporate Development Associate will play a key role in evaluating mergers and acquisitions, a core component of the company's overall investment strategy. Having closed 18 acquisitions within the past four years, Zayo is constantly evaluating M&A opportunities. Additionally, the corporate development team is also responsible for corporate strategic planning including capital structuring and ad-hoc financial modeling.

This position will work closely with cross functional teams during all phases of the deal making process including identification, diligence, negotiation, closing, and integration of M&A targets. Candidates must have a strong technical background and be extremely detail oriented. Ideal for candidates who desire a dynamic work environment.

### **Job Responsibilities**
